Proud to work in association with our  
watershed municipalities:

City of Kawartha Lakes  
Township of Scugog  
Municipality of Clarington  
Township of Brock  
Township of Galway-Cavendish  
& Harvey  
Township of Cavan Monaghan

**FLOOD ADVISORY CANCELLATION – KAWARTHA LAKES /  
WATERSHED CONDITIONS BULLETIN – KAWARTHA LAKES**

**DATE:** April 14, 2009  
**TIME:** 1:00 p.m.

**Message sent on the basis of information received from:**

- **Kawartha Conservation Flood Forecasting Network**
- **Trent-Severn Waterway**
- **MNR – Surface Water Monitoring Center**
- **Environment Canada**

---

**Kawartha Conservation advises that the Flood Advisory for shorelines of the Kawartha Lakes (Balsam Lake, Cameron Lake, Sturgeon Lake, Pigeon Lake and Lake Scugog) that was issued on April 7, 2009 is no longer in effect.**

**A Watershed Conditions Bulletin for shorelines of the Kawartha Lakes is now in effect.**

Water levels of the large Kawartha Lakes have stabilized and no significant changes are expected. Furthermore, dry and warm weather forecast for the rest of this week supports stable or receding water levels.

Trent-Severn Waterway officials are reassessing the situation on an ongoing basis, and will continue to adjust flows through water control structures according to their water level management plan.

Lake water levels do remain elevated however, with banks that may be slippery and undercut. Kawartha Conservation is asking all residents, especially children, to exercise caution around the lakes.

Kawartha Conservation will continue to monitor the situation on a 24-hour basis and will advise the public and watershed municipalities of any changes. If you are concerned about, or are aware of flooding, please contact Kawartha Conservation at 705.328.2271 or 705.344.0155 after hours.
